# ERP SYSTEM

…STEPS TO RUN THIS APPLICATION…

http://localhost:3000/Admin/EmployeePortal

1.need to enter detail of employee i.e–Employee id & password

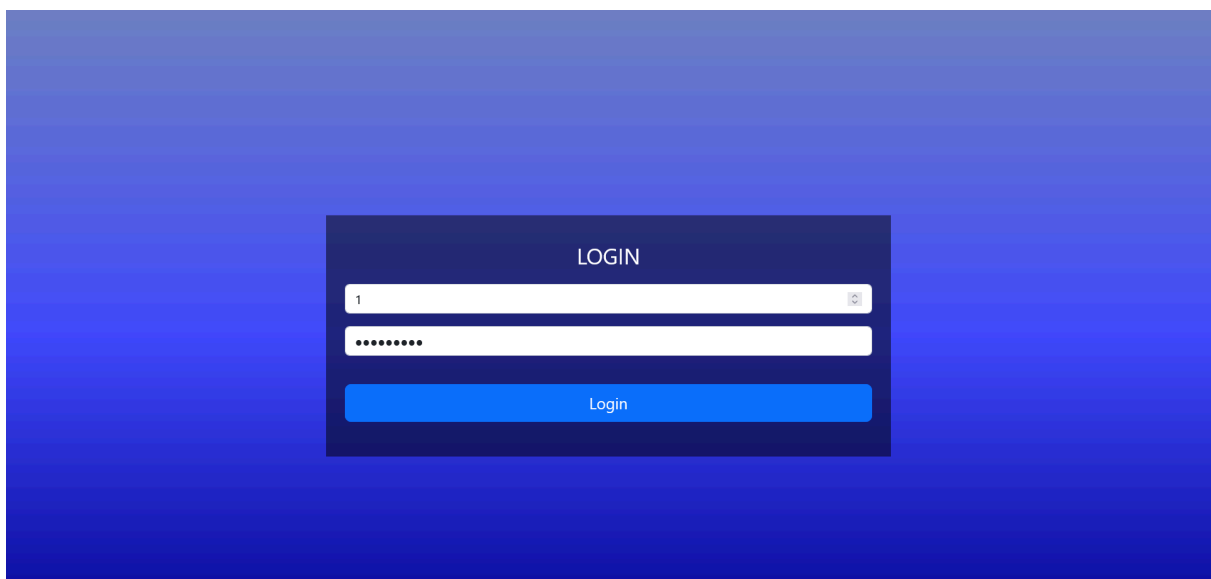

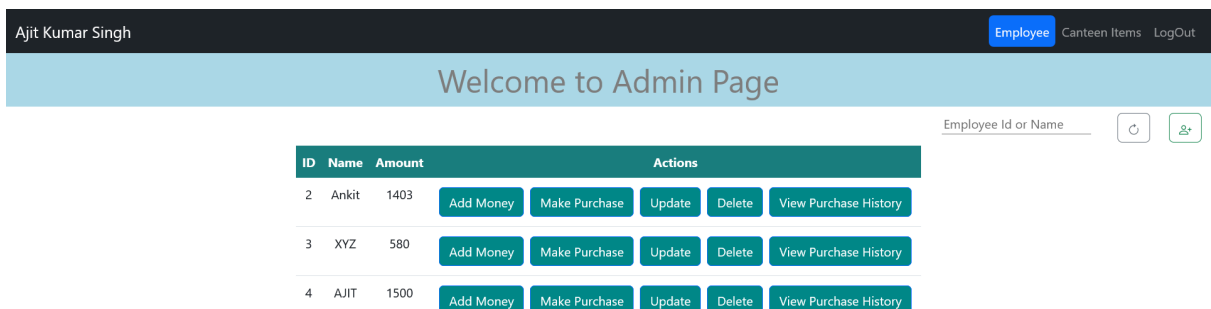

2.After inserting details we will get to the Adminpage.

3.we will get purchase history by clicking on purchase history.
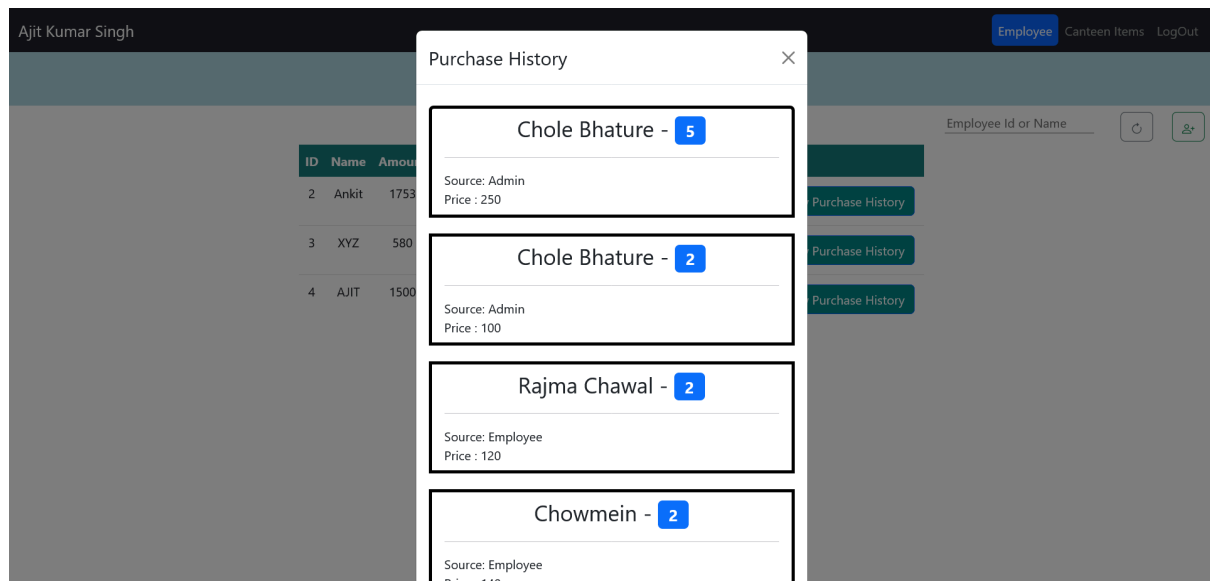

4.We can update the details as well.
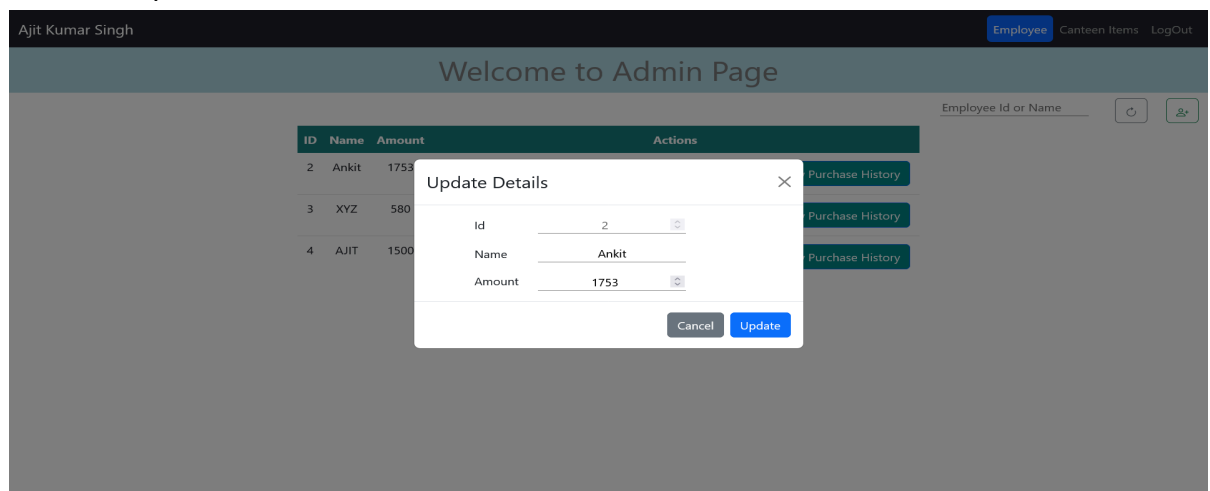

5. If we wants to delete the details then we need to go to delete option. After clicking on yes we are able to delete it.
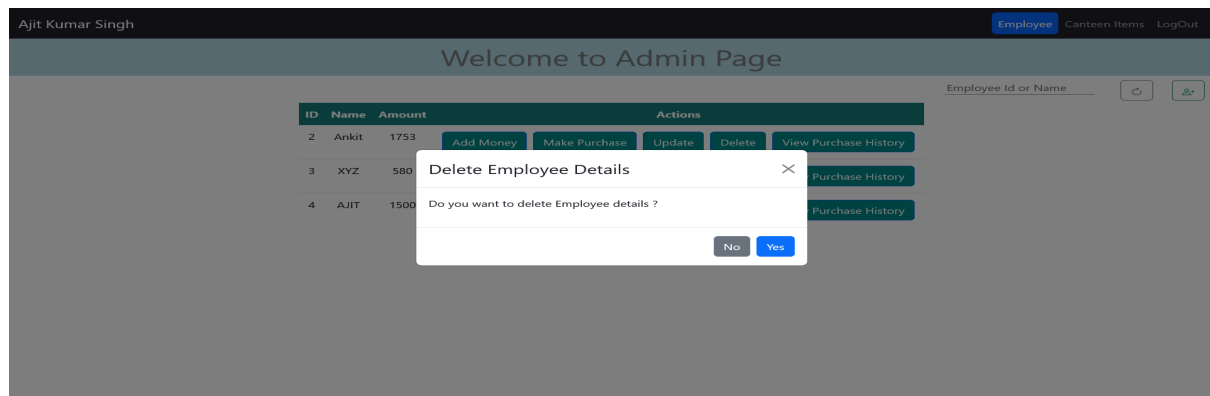

6. If we want to add new items then we can go to canteen items and add as per our requirements.

Item Name	Price	Quantity	Actions
